Greetings GALA Members and Friends,

2007 looks like a good year for the arts in the Gardner area. Many arts organizations are planning shows, demonstrations and concerts. Our Spring Show will be on Mother's Day weekend which seems to be a tradition. You will be getting a call for artists in the mail soon. If you know of any artist who would like to exhibit art or play music at our Spring Show, just let us know, we'll send out a Call for Artists to them or send you extra ones.

Better yet, log onto [www.galagardner.org](http://www.galagardner.org) for a downloadable application. While you are there, check out the web site, there's quite a bit of good information and art.

One thing I have noticed lately is how many great shows and concerts there are in this area. I usually hear how wonderful a show or a performer was after the fact and even worse, how sparsely it was attended. One of the things GALA will endeavor to do is be a source of information for all the same quiet happenings within a 25 mile radius. "Getting the Word Out" so you know about it is our next project. Check in on the web site now and again. And...if you know of something interesting going on near you, let us know and we'll "Get the Word Out"! Call 978-630-2340 or log on and E-mail the web master.

Chuck Heidorn, President.
